The data download and upload speeds will depend on Your location when You are using the Post Paid Mobile Broadband Service, the physical attributes of any premises within which You are using the Post Paid Mobile Broadband Service, and the capabilities of the personal computer or Handset You are using to upload or download data.

11. Use of the Service

- 11.1 Your use of the Internet Service must conform with the terms of our Acceptable Broadband Use Policy and Fair Use Policy.
- 11.2 You acknowledge that the Internet is not a secure and confidential environment. Your use of the Internet Service is at Your own risk.

- 12.2 Your Commitment Period commences on the day we begin supplying You with the Service. When You change from one Plan to another, the terms of Your Plan from which You are changing may require You to restart Your Commitment Period. In those cases, the Commitment Period applicable to the Plan to which You are changing will be taken to have commenced on the date the change takes effect.

13. Suspending Your Service

- 13.1 The General Terms, the Acceptable Broadband Use Policy and the Fair Use Policy set out the circumstances in which we may Suspend or Restrict Your Service.
- 13.2 You may request the Service be Suspended if Your SIM card or modem is lost or stolen.

14. Roaming

- 14.1 Roaming is initially barred and can only be requested by ringing the Customer Contact Centre on 1300 303 646, at least 72 hours prior to the required activation time, and specifying whether only National Roaming is required, or whether both International Roaming and National Roaming is required. We may require You to leave a deposit or credit card number as security if You choose to activate Roaming. Access to Roaming is subject to our approval.
- 14.2 If You activate International Roaming for a Service, You must also receive National Roaming on that Service. However, if You activate National Roaming for a Service, You will not automatically receive International Roaming and will need to activate it separately.
- 14.3 International Roaming is not available in all countries or in all areas of those countries in which International Roaming is available. The countries where International Roaming is available may change at our discretion. Details of the countries in which International Roaming is available are available on our website at www.crazyjohns.com.au/roaming.
- 14.4 National Roaming is not available in all parts of Australia. The places where National Roaming is available may change at our discretion. If National Roaming is activated on

Your Service, it will commence automatically when You move outside of the Mobile Coverage Area and into an area where National Roaming is available. It may take up to 30 minutes for National Roaming to cease once You move back into the Mobile Coverage Area.

- 14.5 When Roaming, You are charged both for calls You receive as well as calls You make. International Roaming and National Roaming rates are subject to variation. Please contact the Customer Contact Centre to confirm any rates before travelling overseas, or visit our website at www.crazyjohns.com.au. It may take up to 48 hours for changes to the rates for International Roaming and National Roaming to be reflected on our website.
- 14.6 Roaming relies on the networks of other service providers over which Crazy John's has no control. Crazy John's does not guarantee the quality, reliability or accessibility of Roaming. You agree that some features of the Service may not be available when You are Roaming and that we do not guarantee the quality and reliability of the Service when You are Roaming. You also agree that You may be forced to terminate and recommence any call or session in progress at the time You move outside of the Mobile Coverage Area and into an area where National Roaming is available.

15. SMS

- 15.1 If Your modem or Handset has the technical capability, You may send and receive SMS via Your Post Paid Mobile Broadband connection. For every SMS You send via Your Post Paid Mobile Broadband connection, You will be charged the applicable SMS rate specified in the annexure applicable to Your Plan.

16. What You Can Change About Your Service

- 16.1 You are able to request changes to the type of payment method for Your Service by contacting us, subject to the other terms of this Contract. If You change the type of payment method more than once per Billing Period, You will be required to pay us the **Payment Method Change Fee** as set out in clause 25.4 of this Service Description.
- 16.2 Some Plans allow customers who are connected to them to change to other Plans (see clause 17 below for details). If the terms of Your Plan specifically permit You to change to another Plan, then You may do so but only in accordance with the relevant terms of Your Plan and subject to any restrictions set out in this Part J.

17. Changing Your Plan

- 17.1 You may change between Plans and continue to use Your allocated mobile telephone number, but only if You do so in accordance with this clause 17.
- 17.2 You will be required to pay the **Plan Change Fee** set out in clause 25.4 of this Service Description when You change Your Plan. At our discretion, we may waive the Plan Change Fee in certain circumstances.

17.3 The rules applicable to any Plan change are as follows:

- (a) You may only change to a different Plan if it is a change that is referred to in the "Change Rules" set out in the Attachment at the end of this Service Description.
- (a) You can only change to a Plan if that Plan is one that is made available by us for selection by new customers who wish to connect to that type of Plan, at the time You make the change.
- (b) You may change Your Plan only once during a Billing Period.

If a proposed change does not comply with **all** of these rules, then You cannot make that change unless we give You specific approval to do so (which we have no obligation to provide, or to provide on any particular terms).

Important – please note

For example, these rules mean that after upgrading to a new Crazy Mobile Broadband Plan with a higher Minimum Monthly Commitment, You cannot change back to a Plan with a lower Minimum Monthly Commitment if that Plan is no longer being offered to new customers at the time you wish to change back, regardless of whether that Minimum Monthly Commitment is higher than the one that applied before You made the upgrade.

17.4 Any permitted change to Your Plan will be activated as soon as we reasonably can after we receive Your request to change Your Plan. The change will take effect at midnight on the day we apply the change. We do not have any obligation to let You know once the change has been made. To find out if the change has taken effect, You need to contact us. You can do so through our Customer Contact Centre or via our self care portal.

17.5 When making a permitted change to Your Crazy Mobile Broadband Plan:

- (a) Your Billing Period and Billing Period Date will remain unchanged;
- (b) If Your Commitment Period has not ended and You are changing to a Plan with a longer Commitment Period, then, when You change Your Plan, Your Commitment Period will be extended to the length of the Commitment Period for the Plan to which You are changing;
- (c) The time elapsed in Your Commitment Period will remain unchanged, unless the Change Rules state that Your Commitment Period will restart on the date that the change becomes effective;
- (d) You must pay an Early Termination Charge (calculated at the rate applicable to the Plan from which You are changing) where You are required to do so by the Change Rules;
- (e) for the Billing Period in which the change occurs, charges for the first part of that Billing Period (ie, up to and including the day the change takes effect), and the second part of that Billing Period (ie, after the day the change takes effect), will be calculated separately as follows:
 - (i) charges for the first part of the Billing Period will be calculated on the basis of the terms and conditions (including call rates) of the Crazy Mobile

Broadband Plan You were on before making the change, as though that period was a separate Billing Period in its own right for the purposes of paragraph 1 in annexure 1, but on the basis that the applicable Minimum Monthly Commitment and the applicable Included Data Credit are reduced to the same proportion of those amounts as the proportion that the number of days in the first part of that Billing Period bears to the total number of days in the Billing Period; and

- (ii) charges for the second part of the Billing Period will be calculated on the basis of the terms and conditions (including call rates) of Your new Crazy Mobile Broadband Plan, as though that period was a separate Billing Period in its own right for the purposes of paragraph 1 in annexure 1, but on the basis that the applicable Minimum Monthly Commitment and Included Data Credit are reduced to the same proportion as the proportion the number of days in the second part of that Billing period bears to the total number of days in the Billing Period; and
- (f) from the start of the first Billing Period following the date of the change, Your Plan will change to become Your selected Crazy Mobile Broadband Plan, and You will be charged on the basis of the Minimum Monthly Commitment, Included Data Credit and rates set out in paragraph 1 in annexure 1 which apply to that Plan.

Example

If You change from a 3GB (\$33) Crazy Mobile Broadband Plan connected before 25 November 2009 to a 7GB (\$49) Crazy Mobile Broadband Plan on day 20 of a 30 day Billing Period, charges for the first part of the Billing Period will be calculated on the basis of the rates and charges applicable for the 3GB Crazy Mobile Broadband Plan, but as though the \$33 Minimum Monthly Commitment and the 3GB Included Data Credit for that Plan are reduced to an amount equal to $20 \div 30 = 66.6\%$ of their usual amounts. Charges for the second part of the Billing Period will be calculated on the basis of the rates and charges applicable to a 7GB Crazy Mobile Broadband Plan, but as though the \$49 Minimum Monthly Commitment and the 7GB Included Data Credit for that Plan are reduced to an amount equal to $10 \div 30 = 33.3\%$ of their usual amounts. In this example, under the Change Rules, You will not be required to pay an Early Termination Charge, Your Commitment Period will not restart, and You will not be entitled to a discount on a new modem on the same terms as new customers connecting to that Plan after the change is made. **This means You may still be subject to excess charges for one or both parts of the Billing Period, depending on Your Data Usage or the number of calls made and when You used Your Service during each part of the Billing Period.**

18. Your Bill

- 18.1 You will be provided with bills in accordance with clause 6 of the General Terms.
- 18.2 If You request us to provide You with Detailed Paper Bills, we will charge You the **Detailed Paper Bill Fee** listed in clause 25.4 of this Service Description. If You have requested a

Detailed Paper Bill, that fee will apply regardless of whether there is any usage to report for the Billing Period concerned.

- 18.3 Your Billing Period Date will be outlined on Your bill.
- 18.4 If You do not pay Your bill by the due date, You must pay us the **Late Payment Fee** listed in clause 25.4 of this Service Description.

19. Call Barring

- 19.1 You are able to bar certain calls from being made from Your Service. Call barring can only be requested by ringing the Customer Contact Centre. We cannot bar calls to emergency numbers 112 and 000.
- 19.2 Calls to 1900 numbers can only be barred if we also bar international calls.

20. Data Usage

- 20.1 When You use the Post Paid Mobile Broadband Service, the amount of Data that is uploaded and downloaded (we call this amount Your **'Data Usage'**) will be deducted from the Included Data Credit amount applicable to Your Plan. For any month where Your Data Usage exceeds Your Included Data Credit You will be charged the Data Rate specified in the annexure of this Service Description applicable to Your Plan.
- 20.2 When calculating Your Data Usage, we will:
- (a) round up to the next kilobyte (KB) at the end of each session;
 - (b) regard 1024 bytes as 1 kilobyte (KB);
 - (c) regard 1024 kilobytes as 1 megabyte (MB); and
 - (d) regard 1024 megabytes as a gigabyte (GB).
- 20.3 The size of any GPRS Data is dependent on the technical capabilities of Your Equipment. For example, the size of any GPRS Data You receive may be substantially different from that being sent to You. The size of any GPRS Data You send may be substantially different from that which is received by the person to whom You are sending it.
- 20.4 Mobile Internet Packs are not available on the Post Paid Mobile Broadband Service.

21. Number Portability

- 21.1 We will not charge You for Porting Your existing mobile telephone number from another service provider to us.
- 21.2 Porting relies on the Networks of other service providers over which Crazy John's has no control. If You ask us to Port an existing mobile telephone number from another Service Provider to us, we will aim to Port Your existing mobile telephone number to the Crazy

John's Network as soon as practicable. Crazy John's is not liable for any delays in the Porting Process.

- 21.3 We will notify You if Your Port request has not been successfully confirmed.
- 21.4 Your Service and Commitment Period will not commence until the successful Porting of Your existing mobile telephone number. However, if Your Port request is not successful, we may allocate a new mobile telephone number for Your Service and Your Service and Commitment Period will commence from the date we allocate You a new mobile telephone number.
- 21.5 If You elect to Port Your number to another service provider, You must pay us the **Port Out Fee** listed in clause 25 for this Service. If You elect to Port Your number to another service provider we will cancel Your Service.

22. Blackberry Services

- 22.1 Blackberry Services are not available on the Post Paid Mobile Broadband Service.

23. Multi-User Accounts

- 23.1 Multi-User Accounts allow You to combine payments for several Services, and payments for several Handsets, into one account.
- 23.2 The primary account holder (**Primary Account Holder**) must be on a Post Paid Plan. The Primary Account Holder (referred to as 'You' in this clause 23) is responsible and liable for all charges made to a Multi-User Account.
- 23.3 To apply for a Multi-User Account, You must complete an Application specifying that You wish to be the Primary Account Holder on a Multi-User Account and specifying that You will be responsible and liable for the obligations of all Services, and the obligations of all users of all Services, included on that Multi-User Account.
- 23.4 Subject to our approval, up to nine additional Services can be added to a Multi-User Account. The additional Services may be used by You or any other person (an **Additional User**).
- 23.5 The Services used by Additional Users may retain the Bonus Options or other benefits associated with those Plans, subject to the requirements of this clause 23.
- 23.6 The Primary Account Holder will receive a single bill for all the Services (and the payments for any Handsets purchased from us with those Services) on a Multi-User Account and is responsible and liable for the payment of all charges on that bill and bound by all the other obligations of a user of each Service on the Multi-User Account. If there is any inconsistency between the terms of this clause 23 and the terms of a Plan held by an Additional User, the terms of this clause 23 will prevail.
- 23.7 Your bill will include an individual usage summary for each Service. If You request, an Additional User can also be given separate online access to a service usage summary of the Service or Services they are using.

24. Cancelling Your Service

- 24.1 The General Terms set out the circumstances in which You may cancel Your Service. You may be required to pay us an Early Termination Charge and any outstanding fees and charges if You cancel Your Service.
- 24.2 We may cancel Your Service in accordance with the General Terms, Fair Use Policy or Acceptable Broadband Use Policy.

25. Charges

- 25.1 All fees and charges contained in this Service Description and the annexures are inclusive of GST, unless otherwise stated.

1.6 You may be required to make an upfront payment to cover Your first month under the Plan if we request You to do so.

2. Modems

2.1 In return for You agreeing to connect to a Crazy Mobile Broadband Plan, we will sell You a modem at a discounted price. You may choose that modem from the range of available modems (if any) we have nominated for that particular Plan at the time You connect. We reserve the right not to make any modems available for any particular Plan.

2.2 The discount on the modem we supply will be a fixed dollar amount that is pre-determined by us, for the particular Plan You have selected. The amount of that discount will be such that You are not required to make any upfront payment for the modem unless we specify an upfront payment in Your Application. There will be no recurring repayments for Your modem.

3. Commitment Period

3.1 If You connected to Crazy Mobile Broadband Plan:

- (a) before 25 November 2009, then Your Commitment Period is 6 months under this Plan; or
- (b) on or after 25 November 2009, then Your Commitment Period is 12 months under this Plan.

4. Early Termination Charge

4.1 Your Early Termination Charge is calculated in accordance with the following formula:

$$\{ \textit{Minimum Monthly Commitment} \times 100\% \} \times \{ ((\textit{Number of days in the Commitment Period} - \textit{Number of whole days spent on contract}) / 365) \times 12 \}$$

5. At the End of Your Commitment Period

5.1 Following the end of Your Commitment Period You will remain on Your Plan on a Casual Basis.

5.2 If Your Plan is no longer available, You will be placed on a Service and Plan which we reasonably determine to be comparable to Your existing Plan. We will notify You of this prior to changing Your Service and Plan.

What is my Original Minimum Spend Level?

Your **Original Minimum Spend Level** is the Minimum Monthly Commitment recorded in the original Application for Your Service. However, if, since connecting, You have made a change to Your Plan that has caused Your Commitment Period to restart, **Your Original Minimum Spend Level** will be the Minimum Monthly Commitment that applied to Your Plan immediately after Your Commitment Period was last restarted.
