- 1.2 This Service Description forms part of the Contract between You and us if You purchased a Prepaid Mobile Service from us. The General Terms set out more details of the terms of Your Contract.

2. Interpretation and Definitions

- 2.1 Certain words used are given a specific meaning located in the dictionary contained in schedule 1 of the General Terms.

3. What is the Service?

- 3.1 The Service is supplied to You by Mobileworld Operating Pty Ltd (ABN 49 090 451 433) trading as Crazy John's.
- 3.2 The Service allows You (and the people You nominate to us) to use the Crazy John's Network (or the network we use to supply Your service) in order to:
- (a) make and receive voice and video calls;
 - (b) send and receive SMS and MMS; and
 - (c) send and receive GPRS Data;
- subject to the other terms of this Contract and the technical capabilities of Your Handset. However, the Prepaid Mobile Service does not allow You to use Premium Services.
- 3.3 The Service also includes the provision of:
- (a) an activated Crazy John's SIM card;
 - (b) a mobile telephone number; and
 - (c) a Customer Contact Centre open every day of the week.
- 3.4 Your service will be provided on the terms of one of the Plans described in the annexures at the end of this Service Description.
- 3.5 The Plan applicable to You at the time You activate Your Service is indicated by the terms and conditions which were provided with Your SIM card or Prepaid Mobile Service product. Following the activation of Your Service, the Plan applicable to You may change depending on the amount by which You recharge. This is explained in more detail in clause 16 of this Service Description.

-
- 3.6 The terms applicable to each Plan are set out in the relevant annexure at the end of this Service Description.

4. Your Mobile Telephone Number

- 4.1 We will allocate to You a mobile telephone number.
- 4.2 If You request an Easy To Remember Number for the Service, You must pay us a **Number Request Fee** listed in clause 20.3 of this Service Description.
- 4.3 You may Port Your existing mobile telephone number in accordance with clause 12 of this Service Description.
- 4.4 Your mobile telephone number will be sent to and be visible on the phone of:
- (a) each person You make a voice or video call to (unless You deactivate the call identity through a function on Your handset (if it has the necessary technical capability) or by contacting the Customer Contact Centre);
 - (b) each person to whom You send an SMS or MMS; and
 - (c) any calls made to emergency services.
- 4.5 You may request a new mobile telephone number for Your Service at any time. Changing Your Mobile Telephone Number may result in the termination of Your Plan. In these circumstances, we will terminate Your Plan on a No Cost Basis and reconnect Your Plan under the new mobile telephone number on the same terms and conditions.
- 4.6 If you request a new mobile telephone number for Your Service on a number of occasions that we consider to be unreasonable or excessive, You may be required to pay us a **Number Change Fee** listed in clause 20.3 of this Service Description.
- 4.7 If You require a new mobile telephone number because You have received calls, SMS or MMS of a harassing or otherwise illegal nature, and have reported the matter to the relevant law enforcement agency or regulatory body, we will provide You with a new mobile telephone number free of any fee or charge on the first two occasions in accordance with clause 4.5. In these circumstances, we may require You to provide proof that the matter has been reported to the relevant law enforcement agency or regulatory body. You must pay us a **Number Change Fee** listed in clause 20.3 of this Service Description for any further changes subsequent to the first two instances.

5. Equipment Needed to Use the Service

- 5.1 To access and use the Service, You will need:
- (a) a Handset that is compatible with the Crazy John's Network, the Service and Plan You have selected; and

- 5.3 Your ability to use the Service will be limited to the technical capabilities of Your Handset.

6. SIM Card

- 6.1 The Crazy John's SIM card remains our property at all times. You must return the SIM card to us if the Service is cancelled or if a replacement SIM card is issued to You.
- 6.2 You must promptly notify us if Your SIM card is lost, stolen or damaged, We will deactivate that SIM card and issue You with another SIM card as soon as practicable. Replacement of Your SIM card will incur the **SIM Replacement Fee** listed in clause 20.3 for this Service Description, unless it was a result of a fault or negligence of us, our employees, agents or contractors.
- 6.3 You must register Your prepaid SIM card with us before it will be activated. We collect information to correctly identify You such as Name, Address, Date of Birth and Driver's Licence number.
- 6.4 If You purchase a prepaid Handset or starter kit, Your Prepaid Credit is only available once You have *registered* Your Service. Your Prepaid Credit cannot be redeemed for cash.

7. Our Mobile Coverage Area

- 7.1 The Service is not available in all areas of Australia. You can only use the Service in our Mobile Coverage Area. Details of our Mobile Coverage Area are available at www.crazyjohns.com.au/coverage.
- 7.2 Even within our Mobile Coverage Area, we cannot guarantee that the Service will be available:
- (a) due to 'drop outs' occurring on calls; or
 - (b) at certain times, for example, because of weather conditions or network congestion; or
 - (c) in certain areas, where geographical or man-made features interfere with the Crazy John's Network. For example, where there are mountains, caves or dense forest, or in some buildings or parts of buildings such as an elevator, basement or car park.

8. Suspending Your Service

- 8.1 The General Terms and the Fair Use Policy set out the circumstances in which we may Suspend or Restrict Your Service.
- 8.2 You may request the Service be Suspended if Your SIM card or Handset is lost or stolen.

- 9.2 You will be able to view Your Prepaid Mobile Service account balance by logging into www.crazyjohns.com.au/myaccount and following the instructions.

10. Roaming

- 10.1 Roaming is not available for Prepaid Mobile Services. This means you will not be able to use Your Prepaid Mobile Service outside our Mobile Coverage Area.

11. Call Barring

- 11.1 You are able to bar certain calls from being made from Your Service. Call barring can only be requested by ringing the Customer Contact Centre. We cannot bar calls to emergency numbers 112 and 000.
- 11.2 We may, at our discretion and without notice to You, bar the making of calls or sending of messages to numbers with a '19' prefix, or other usage of Premium Services, through Your Prepaid Mobile Service. This will not affect Your obligation to pay any charges due on account of any use of those services through Your Prepaid Mobile Service which occurred before those services were barred. If You activated Your Prepaid Mobile Service on or before 7 April 2008, our right to bar use of the services under this paragraph for that Prepaid Mobile Service commences on 8 May 2008.

12. Number Portability

- 12.1 We will not charge You for Porting Your existing mobile telephone number from another service provider to us.
- 12.2 Porting relies on the Networks of other service providers over which Crazy John's has no control. If You ask us to Port an existing mobile telephone number from another Service Provider to us, we will aim to Port Your existing mobile telephone number to the Crazy John's Network as soon as practicable. Crazy John's is not liable for any delays in the Porting Process.

-
- 12.3 We will notify You if Your Port request has not been successfully confirmed.
- 12.4 Your Service will not commence until the successful Porting of Your existing mobile telephone number. However, if Your Port request is not successful, we may allocate a new mobile telephone number for Your Service and Your Service will commence from the date we allocate You a new mobile telephone number.
- 12.5 If You elect to Port Your number to another service provider, You must pay us the **Port Out Fee** listed in clause 20.3 for this Service.

13. Data

- 13.1 If Your Handset has the technical capability, you may send and receive GPRS Data. If you access GPRS Data You will be charged the Data Rate specified in clause 20.2 of this Service Description.
- 13.2 The size of any GPRS Data is dependent on the technical capabilities of Your Handset. For example, the size of any GPRS Data You receive may be substantially different from that being sent to you. The size of any GPRS Data You send may be substantially different from that which is received by the person to whom You are sending it.
- 13.3 We charge you for the amount of the GPRS Data received by Your Handset and the amount of the GPRS Data sent to the receiving Handset. When calculating charges for each data transmission we will round up to the next cent.
- 13.4 When calculating Your GPRS Data usage:
- (a) we will regard 1024 bytes as 1 kilobyte (KB);
 - (b) we will regard 1024 kilobytes as 1 megabyte (MB);
 - (c) if Your Plan was activated before 26 November 2008, we will round up to the next kilobyte at the end of each data transmission, until the first time following 2 March 2009 that You recharge. From that time onwards, we will round up to the next multiple of 10 kilobytes at the end of each data transmission; and
 - (d) if Your Plan was activated on or after 26 November 2008, we will round up to the next multiple of 10 kilobytes at the end of each data transmission.

14. Blackberry Services

- 14.1 If Your Handset has the technical capability, and is a device approved for such purposes by us and RIM, You may choose to use Your Handset to receive Blackberry Services. To do so, You must have Your Handset configured in accordance with the directions published by us and/or RIM from time to time applicable to the relevant Blackberry Service. In addition, in order to receive Blackberry Services:
- (a) Your SIM card or Prepaid Mobile Service product must include a Blackberry Pack with a subscription to Blackberry Services that has not expired;

-
- (b) You must be connected to a Prepaid Crazy Cap Plan; and
 - (c) You must have at least \$0.01 of unexpired Prepaid Credit in Your account.

Important – please note

You must be connected to a Prepaid Crazy Cap Plan and have at least \$0.01 of unexpired Prepaid Credit in Your account in order to receive Blackberry Services under Your Blackberry Pack subscription. This means that if Your Prepaid Credit is exhausted or expires, or if You recharge Your account with a Standard Recharge Amount, You will no longer be able to receive Blackberry Services.

- 14.2 A Blackberry Pack does not affect the other rates that apply to Your Plan. The Blackberry Pack only applies to Your usage of Blackberry Services. The terms of Your Plan determine the charges applicable to any voice or video calls You make or receive, SMS or MMS messages You send or receive, or any GPRS Data You send or receive, through Your Handset.

Important – please note

Blackberry Services only include access to the Internet using RIM's "Blackberry" internet browsing services and access to emails using RIM's "Blackberry" e-mail services. This means that to ensure Your internet browsing and access to e-mail is covered by Your Blackberry Pack You will need to access the internet and e-mail using the Blackberry web browser and Blackberry e-mail client installed on any Handset supplied by or on behalf of RIM at the time of the initial purchase of that Handset. Charges for any GPRS Data You access that is not Blackberry E-mail and Internet will be deducted from Your Prepaid Credit in accordance with clause 13 of this Service Description.

- 14.3 Parts of the Blackberry Services utilise a network that we do not own, and which is operated by RIM. In addition to the terms of this Agreement, Your use of Blackberry Services is also subject to any terms, conditions and restrictions applicable to the use of those Blackberry Services, as published from time to time by RIM. In addition, Your use of any Handset and/or any software manufactured or supplied by or on behalf of RIM is subject to the terms, conditions and restrictions applicable to the use of such items, as published from time to time by RIM.

15. Multi- User Accounts

- 15.1 If Your Service becomes attached to a Multi-User Account, the primary account holder (**Primary Account Holder**) will be responsible for all charges and obligations attached to Your Service.
- 15.2 The Primary Account Holder of the Multi-User Account has the ability to allocate Prepaid Credit to Your Service.
- 15.3 If Your Service is attached to a Multi-User Account, the Service may be Suspended if the Primary Account Holder fails to make a payment on the account.

16. Service Disconnection

- 16.1 Your Service may be disconnected after six months of inactivity. We consider Your Service to be inactive in the following circumstances:
- (a) Your account reaches a zero balance; or
 - (b) there is insufficient Prepaid Credit in Your account to access the Service; and You do not purchase further Prepaid Credit.
- 16.2 Your mobile telephone number will be quarantined for a period of six months after Your Service has been disconnected. Your mobile telephone number will be reallocated six months after Your Service has been disconnected.

17. Credit Expiry

- 17.1 If Your Service is supplied with an initial amount of Prepaid Credit then that Prepaid Credit will be valid from the time Your Service is activated and will expire at midnight on Your first Credit Expiry Date. Your **first Credit Expiry Date** is determined as follows:
- (a) if Your Service is supplied with an initial amount of \$5 Prepaid Credit, Your first Credit Expiry Date will follow the date on which You activated Your Service by 15 days; or
 - (b) if Your Service is supplied with any other amount of Prepaid Credit, Your first Credit Expiry Date will follow the date on which You activated Your Service by:
 - (i) the number of days equal to the Credit Expiry Period applicable to Recharge Amounts which correspond to the same amount of Prepaid Credit as Your initial Prepaid Credit; or
 - (ii) if no Recharge Amounts correspond to the same amount of Prepaid Credit as Your initial Prepaid Credit, 30 days.
- 17.2 On each Credit Expiry Date, any Prepaid Credit remaining on Your account as at that date will expire. Once Prepaid Credit has expired, You will forfeit it and cannot use it subsequently. Prepaid Credit can never be redeemed for cash.
- 17.3 Different Credit Expiry Periods and Prepaid Credit amounts apply to different Recharge Amounts. The Credit Expiry Period and Prepaid Credit amount applicable to a particular Recharge Amount is outlined in the terms of Your Plan.
- 17.4 If You recharge Your account with a Cap Recharge Amount, then (unless You are already on a Prepaid Crazy Cap), Your Plan will be changed to a Prepaid Crazy Cap and either of the following will occur:
- (a) If You were not already on a Prepaid Crazy Cap when You recharged or, for any recharges before 28 October 2009 (regardless of whether You were on a Prepaid Crazy Plan or a Prepaid Crazy Cap) then:

-
- (i) Any unexpired Prepaid Credit remaining on Your account at that time will be forfeited;
 - (ii) You will be allocated a new amount of Prepaid Credit equal to the amount specified for the relevant Recharge Amount in Your Plan; and
 - (iii) The new Credit Expiry Date will follow the date on which You recharged by the number of days equal to the Credit Expiry Period applicable to the relevant Recharge Amount (as stated in Your Plan).
- (b) With effect from 28 October 2009, if You were already on a Prepaid Crazy Cap when You recharged, then:
- (i) any unexpired Crazy Talk Prepaid Credit and Standard Prepaid Credit remaining on Your account at the time You recharged will be increased by the Crazy Talk Prepaid Credit (if applicable) and Standard Prepaid Credit amounts specified for the relevant Cap Recharge Amount in Your Plan. However, Your Crazy Talk Prepaid Credit may never exceed \$1,000 and Your Standard Prepaid Credit:
 - (A) before 5 May 2010, may never exceed \$1,000; and
 - (B) on or after 5 May 2010 may never exceed \$1,500; and
 - (ii) the new Credit Expiry Date for all of Your Prepaid Credit will follow the date on which You recharged by the number of days equal to the Credit Expiry Period applicable to the relevant Cap Recharge Amount (as stated in Your Plan).

17.5 If You recharge Your account using a Standard Recharge Amount, then (unless You are already on a Standard Prepaid Plan) Your Plan will be changed to a Prepaid Crazy Plan and either of the following will occur:

- (a) If you were not already on a Prepaid Crazy Plan when You recharged, then:
 - (i) any unexpired Prepaid Credit remaining on Your account at that time will be forfeited;
 - (ii) You will be allocated the amount of Prepaid Credit applicable to the relevant Recharge Amount (as stated in Your Plan); and
 - (iii) the new Credit Expiry Date will follow the date on which You recharged by the number of days equal to the Credit Expiry Period applicable to the relevant Recharge Amount (as stated in Your Plan).
- (b) If You were already on a Prepaid Crazy Plan when You recharged, then any unexpired Prepaid Credit remaining on Your account at the time You recharge will either be:
 - (i) forfeited, and You will be allocated the amount of Prepaid Credit applicable to the relevant Recharge Amount (as stated in Your Plan); or
 - (ii) increased by the Prepaid Credit amount specified for the relevant Recharge Amount in Your Plan;

depending on the Standard Recharge Amount applied and the date on which You recharge (refer to the Annexure applicable to Your Plan for details).

- 17.6 When You recharge Your account and that results in any Prepaid Credit being forfeited by You, that Prepaid Credit is forfeited permanently and cannot be recovered regardless of any amounts by which You may subsequently recharge Your account. You should therefore take care in specifying the amount by which You recharge to avoid an unexpected loss of Prepaid Credit.

18. Recharging

- 18.1 You can recharge at any time by purchasing a voucher at a participating outlet and redeeming it via our web portal or Customer Contact Centre. You may also use Your credit card to recharge via the web portal for any amount which is:
- (a) \$5.00 or more for recharges before 16 September 2009; or
 - (b) \$10.00 or more for recharges on or after 16 September 2009.
- 18.2 Each Recharge Card or voucher You purchase is fully transferable, but not refundable.
- 18.3 Recharge Cards and vouchers must be redeemed before the "use by" date printed on the actual card or voucher (as applicable).

19. Cancelling Your Service

- 19.1 The General Terms set out the circumstances in which you may cancel Your Service.
- 19.2 We may cancel Your Service in accordance with the General Terms or Fair Use Policy.

- (a) if You recharge via our web portal, the type of Bonus Option that You nominate to receive; or
 - (b) if You recharge using a recharge method other than via our web portal:

- (i) the type of Bonus Option that You selected the last time that You nominated the type of Bonus Option that You wish to receive when recharging via our web portal or when activating Your Service; or
- (ii) if You have never selected the type of Bonus Option that You wish to receive, the Crazy Data Bonus Option.

4.3 Each Bonus Option has its own credit balance, called **Bonus Credit**, which determines the number of Crazy SMS You can send or amount of Crazy Data You can upload or download without additional charge. Bonus Credit is not redeemable for cash and is not transferable. The rules around how You earn Bonus Credit and when You can use it are described below.

5. How to earn Bonus Credit for use with Your Bonus Options

5.1 To earn Bonus Credit, You must recharge your account. When You recharge after 2 February 2010, You will receive the following amounts of Bonus Credit:

- (a) If the Crazy SMS Bonus Option applies to Your recharge, when You recharge You will receive a Bonus Credit based on the amount of Your Cap Recharge Amount, as follows.

Cap Recharge Amount	\$19	\$29	\$49	\$79	\$99
Number of SMS included	50	100	150	200	250

- (b) If the Crazy Data Bonus Option applies to Your recharge, then when You recharge You will receive a Bonus Credit based on the amount of Your Cap Recharge Amount, as follows:

Cap Recharge Amount	\$19	\$29	\$49	\$79	\$99
Amount of GPRS Data included	50MB	100MB	150MB	200MB	250MB

5.2 You can check your Bonus Credit balances at any time by:

- (a) logging in to www.crazyjohns.com.au/myaccount and following the instructions;
- (b) requesting a balance enquiry via any applications we make available on your phone for that purpose; or
- (c) contacting the Customer Contact Centre.

6. How You can use Your Bonus Credit

6.1 If the Crazy SMS Bonus Option applied to Your last recharge and Your Bonus Credit is 1 or more, then when You send an SMS from within Australia to an Australian mobile telephone number, charges for the SMS will not be deducted from Your Standard Prepaid Credit, but Your Bonus Credit will be reduced by 1. For these purposes, a message sent to multiple recipients is counted as a separate SMS message sent to each of those recipients.

6.2 If the Crazy Data Bonus Option applied to Your last recharge, the amount of GPRS Data that You upload or download will be deducted from Your Bonus Credit before charges for that Data Usage (determined on the basis of the Data Rate stated in Your Plan) will be deducted from Your Standard Prepaid Credit.

6.3 Even if You otherwise have enough Crazy SMS Credit to cover the price of an SMS from within Australia to another Australian mobile telephone number, or enough Crazy Data Credit to cover an amount of Data Usage, You cannot use your Bonus Credits unless You have a **minimum of \$0.01 Standard Prepaid Credit remaining in your account.**

7. **Limits on Your Bonus Credit and Bonus Options**

7.1 All of Your Bonus Credit will expire (and be forfeited permanently):

- (a) at the time that You next recharge your account;
 - (b) at midnight on your Credit Expiry Date; or
 - (c) at the time that Your Service is terminated for any reason,
- whichever is earlier.

We will endeavour to warn You by sending You an SMS before your Bonus Credit expires but our failure to do so will not stop your Bonus Credit from expiring.

7.2 The Bonus Options are subject to the limitations set out in the Fair Use Policy.

7.3 The Bonus Options may change or be withdrawn at our discretion. Any such change or withdrawal will take effect from Your next Credit Expiry Date.
